

TRAINING

We are committed to your success. We will provide your franchise with initial training in the areas of recruiting and referrals, plus sales and management. This is only the beginning. Multiple training seminars and conferences are conducted throughout the year. You'll want to bring your whole team to workshops that focus on sales and motivation, marketing and advertising, financing, and more.

TAKE YOUR BUSINESS TO NEW HEIGHTS?

As an O48 Realty franchise owner, your real estate office has the ability to provide a unique service that no other company can match! Period.

The “Free Move Anywhere in the United States” program not only turns more prospects into clients, but drives your referral business to a level you’ve only dreamed about. With a free move at the top of their client services list, your agents can expect to double their transactions in their first year, and the lasting effects will be remembered by their clients forever ... and that equals more referrals in the future.

Owning an O48 Realty franchise is like owning your own real estate firm AND an interstate trucking company. Your office will easily stand out above and beyond your competitors. Not only does this unique program attract more business, it will also attract more agents to your company. With minimum effort on your part, you can easily triple the number of agents working out of your office in as little as six to 12 months.

HOW DO I GET STARTED?

Once business professionals like yourself, understand how the “Free Move” program works, the first thing they ask is “Where do I sign?”, followed almost immediately with “How quickly can my franchise be up and running?” The enthusiasm for this program is unbridled, because it already has a track record for success. Nine franchises have opened for business in the first year alone.
